

Navjeet Gill, Windsor, Ontario

She is the absolute best and kindest hygienist. She makes children feel completely comfortable with their first-time visits and creates such a positive environment.

Navjeet services are amazing and convenient! She comes to you to get your teeth cleaned. I have a son who is on the spectrum, and she is the inky one able to perform dental hygiene services for my son. Very friendly provides accommodations to us, also is very involved with the community and provides great education on dental hygiene. I recommend her to anyone!

She is wonderful and cares about my teeth and gums. I always hated going to get my teeth cleaned, but when I found out that she comes to our home, I had to give it try. Since then, I have not looked back, this was my and my wife's best experience. So not only am I enjoying having my teeth cleaned now, but I do not have to drive and wait! I refer Smile Wagon to all my friends, it's the best-kept secret and once you experience this you will be hooked.

I am deathly afraid & have panic attacks every time I go to the dentist, hygienist, or anything to do with a dentist's office. I found Smile Wagon on a Facebook ad and thought what the heck let's try, seeing as they come to us maybe it will be different. I called and talked to Navjeet she was Super friendly and very understanding of my fears, so I booked. At my first appointment, I was so nervous, but Navjeet made me feel very comfortable & took her time so that I could & would remain comfortable for the entire appointment. I would highly recommend Smile Wagon to anyone, not just for the convenience of her coming to your home but for her professionalism & care that goes into every client.

The most kind, loving, caring dental hygienist that I have ever had. The cleanest, professional, and most knowledgeable. Navjeet has been my dental hygienist for 4 years. Her hard work, determination and consistency have made me become her client forever. Her patience, experience and bedside manners are above and beyond. I have mental health issues (OCD, generalized anxiety disorder, and panic attack disorder) but because of her calm, professional nature, I am completely relaxed and calm during my service/ appointment. She has taught me to take care of my oral heal every time I see her. My oral health has never been better. I've had no cavities for years thanks to her and her expertise in cleaning my teeth and giving me advice

on how to maintain a healthy smile. She deserves this award because she is genuine. Every friend that I have referred to her was amazed and they will never go anywhere else!

My dental hygienist is so kind and gentle. She is very friendly and creates a welcoming and safe space at work. I feel comfortable every time I go to her and love how my teeth look and feel afterwards. She is very gentle and patient, which is something I am very thankful for.

I love the mobility the Smile Wagon brings to the community! Not everyone has easy access to transportation to visit an oral clinic which usually undermines the importance of oral health. SMILE WAGON is the way to health and of course beautiful smiles!

I had the opportunity last summer on one of the hottest days of the year to help my friend and colleague Navjeet Gill with her Dental Hygiene Mobile Clinic in downtown Windsor. She took the afternoon off a normal busy week in her business to volunteer and serve our city's homeless population. Navjeet truly has a heart for people. She regularly sets up her Dental Hygiene clinic in places where people would not necessarily have easy access to dental hygiene care. This has been especially helpful during pandemic times when many people did not feel comfortable coming out of their homes to seek dental hygiene services. Navjeet has excellent communication skills to help anyone feel comfortable in her care, regardless of social or economic status. I think therefore she deserves the superhero award. Superheroes are those that put others first and serve others. Navjeet is one of those people. This and being a mom and wife, the biggest superhero of all.

She is always someone who is thorough and helps me whenever I need any sort of dental assistance / even provides me with some info regarding non-Hygienist things as well. She always goes beyond the veil and has really helped me and made working with pleasure, and always puts on her cape and saves my teeth.

Navjeet is an amazing human. She is always reaching out and going above and beyond to help adults and children with her generous, gentle nature. I have never met a more down-to-earth individual that provides care for everyone possible. Navjeet has personally helped me get over my fear of oral care providers and has been amazing for recommendations for my family members with oral issues! Please consider Navjeet for this award, as she absolutely deserves it!!!

I want to say that we've been using a smile wagon for the past year and it is the best dental hygienist that ever had she came right to our house I have six kids and she did them all she did me my husband and I have told all my friends about her I've always posted the good things on Facebook about her she's always nice she has things for my kids all the time she even bought pets pizza for my kids the other day when she came and it was just it's a nice friendly family business and I highly recommend her as the nomination and I 100% pick her.

We love this girl. She had a mobile unit and visits every three months. She is more like family and is always interested in what we are up to since her last visit. she is always cheerful and always on time. We are so blessed.
